

COMPLIANCE TOOLS

COMMERCIAL BUILDING ENERGY CONSERVATION CODE

DEPARTMENT OF NATURAL RESOURCES
TECHNOLOGY ASSESSMENT DIVISION

A Live Presentation and Web-Cast in Conjunction with:
U.S. DEPARTMENT OF ENERGY
PACIFIC NORTHWEST NATIONAL LABORATORY

December 13, 2005
1:00-4:00 p.m. CST

Louisiana State University - Center for Energy Studies
Nicholson Drive Extension at Nicholson Drive
Baton Rouge, LA

Who Should Attend?

Architects, Engineers, General Contractors, Sub-Contractors, Facility Managers, Building Officials, Certified Energy Raters, Building Owners. 3.0 CEU's (HS&W) for Architects and PDH's for P.E.'s who attend the live session. Registration forms for the live presentation are available on the DNR website or see below. Remote audience may self-report for continuing education credits.

Why Attend?

Plans for each New or Renovated Commercial Building must be submitted to the Louisiana State Fire Marshal for review. CBECC compliance forms must be submitted with the plans to avoid delays in the review process. This training session will provide an overview of the two software packages which are used to document compliance. A question and answer session is scheduled. A software CD will be available.

How to Register?

Remote attendance from your computer is also available: See details for Live or Remote Registration at the following link: http://www.energycodes.gov/external/la_commercial_training.stm
